To the Furniture & Woodworking Trades:

In presenting this Catalogue for your inspection, we particularly desire to call your attention to the varied line of products manufactured by Boynton & Company, the result of nearly fifty years in this same field of endeavor. We prefer to have you judge for yourselves the quality of our Carvings, Mouldings, and Turnings, merely wishing to emphasize that the same high standard that has always characterized Boynton products, is even more pronounced today.

With two large, modern factories, equipped with the best and latest machinery, we are in an exceptional position to give you what you want, when you want it.

We carry a large stock for the purpose of filling orders quickly, as we know from experience the importance of shipping goods promptly.

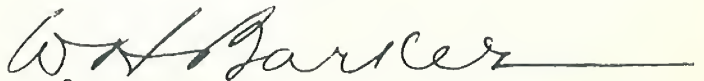

In our Chicago factory, all our Embossed Carvings and Embossed Mouldings, Grilles and Panels, Picture Frame Mouldings, and Plain Mouldings of every kind, are manufactured. Here we maintain a complete Die and Tool Shop, where all our dies are made, and where almost 200 new patterns are turned out every year. We are always glad to make new dies for special patterns, either Mouldings or Carvings, for any customer ordering in sufficient quantities.

Our Southern factory, Boynton & Company, 738 S. Dudley St., Memphis, Tenn., will be glad to receive orders or inquiries for any Plain, Cut, Turned and Carved Mouldings, Hand and Spindle Carvings, and Turnings of every description.

We have our own Designers, and although they do no commercial work, they are here to assist our customers and their Designers, and to enable us to quote on special work.

In thanking you for the splendid patronage you have given us in the past half century, we specially call your attention to the unusual range of Cut Moulding patterns now offered. Also to the Quality and Workmanship of our Turnings.

Yours faithfully,

President.

EMBOSSED GRILLES AND PANELS

We are now producing Embossed Grilles for radio cabinets and some very beautiful effects in Embossed Panels, samples of which we will be glad to send upon request. Unfortunately none of these Panels and Grilles were ready in time to get cuts made for this catalogue. They will be placed before you shortly in the form of a Supplement.

PLAIN MOULDINGS

BOYNTON & COMPANY

Chicago, Ill.

and

738 South Dudley Street

Memphis, Tenn.

PLAIN MOULDINGS

The following are only a few of the more popular shapes used in various classes of woodworking. If you do not see what you want here, we will be pleased to follow your samples or drawings.

For many years we have been supplying furniture and cabinet makers with fine special plain mouldings made in our Chicago Factory. Now we offer such mouldings at either Chicago or Memphis and at prices that will stand the closest comparison. Many customers have acknowledged our plain mouldings cost less than when made in their own factories.

Plain Mouldings are made to order only. On orders for less than 1,000 feet of a pattern an extra charge of \$3.00 will be made for setting up machines.

Cross sections shown approximately full size. In all cases, however, actual sizes are specified.

No matter how difficult the pattern or shape may be, we welcome your samples or sketches. Please be careful to give dimensions and wood wanted.

PLEASE send your orders for Embossed Mouldings and Embossed Carvings to Chicago; your orders for Cut and Carved Mouldings, Turned Mouldings, Machine Turned Rosettes, Spindle Carvings, and Turnings to Memphis. Plain Mouldings are made in both Chicago and Memphis factories. Send your orders to the factory nearer you for this item.

Mouldings are made in random lengths but can be furnished in special lengths for an extra charge, varying from 10% to 20%, depending upon the waste to be encountered.

All prices are subject to change without notice. This price list supersedes all others.

All prices are F.O.B. Chicago or Memphis, depending upon where the products are manufactured. The present low prices make it impossible for us to absorb freight charges.

Please refer to our Catalogue for extra charges on small quantities and special mouldings.

Due to the wide variation of patterns desired, prices for Plain Mouldings and Turnings will be furnished on application. We solicit your samples or sketches for these items.

Deliveries depend on quantity, wood wanted and work in process at the time orders are received. For this reason we like to have delivery date specified so we can arrange our production accordingly and advise you if we cannot make shipment as requested.

For woods other than red gum, on less than 250 feet of a stock moulding pattern, a charge of \$2.00 per item will be made for setting up machine.

On lots of less than 100 pieces, pairs or sets of an embossed carving pattern, for woods other than red gum there will be a set-up charge of \$1.00 per item.

Style, Beauty. Character

with Economy

Style, beauty and character — more often looked for in hand carved decoration — are remarkably well represented in this showing of **BOYNTON EMBOSSED MOULDINGS**.

While simulating these more costly hand worked designs, **BOYNTON EMBOSSING** offers greater economy in costs, without sacrificing Style, Beauty or Character.

A wide variety of new and original patterns are shown on the following pages. Should you find it necessary to meet present competitive prices through lower costs, Boynton Embossed Mouldings offer the opportunity without fear of jeopardizing your usual Style standards.
